HAVE YOU DYSPEPSIA?

Can't Eat, Can't Sleep, Always
in Pain and Suffering

"Eat What You Want," Says This
Physician.

"Indigestion and practically all forms of stomach trouble are, almost every instance, due to hyperacidity. Too much acid first produces dyspepsia and indigestion; next the stomach walls become irritated and it is only a short time until it eats through the walls, causing ulcers in the abdomen, which in turn are followed by cancer and death; therefore, stomach sufferers are required to avoid eating food that is acid in its nature, or which by chemical action in the stomach develops acidity. Unfortunately, such a rule eliminates most foods which are pleasant to the taste as well as those which are rich in blood, flesh and nerve building properties. This is the reason why dyspeptics and stomach sufferers are usually so lacking in that vital energy which can only come from a well-fed body. For the benefit of those sufferers who have been obliged to exclude from their diet all starchy, sweet or fatty food, and are trying to keep up a miserable existence on gluten products, I would suggest that you try a meal of any food or foods which you may like in moderate amount, taking immediately afterwards a teaspoonful of bisaturated magnesia in a little hot or cold water. This will neutralize any acid which may be present, or which may be formed, and instead of the usual feeling of uneasiness and fullness, you will find that your food agrees with you perfectly. Bisaturated magnesia is doubtless the best food corrector and antacid known. Drugs only upset the stomach. Bisaturated magnesia has no direct action on the stomach; but by neutralizing the acidity of the food contents, and thus removing the source of the acid irritation which inflames the delicate stomach lining, it does more than could possibly be done by any drug. As a physician, I believe in the use of medicine whenever necessary, but I cannot see the sense of dosing an inflamed and irritated stomach with drugs instead of getting rid of the acid—the cause of all the trouble. Get a little bisaturated magnesia from your druggist, eat what you want at your next meal, take some of the bisaturated magnesia as directed above, and you will find you sleep well and the usual belching, gas, sour stomach, bloating, indigestion and other conditions entirely removed." For sale by Benson Smith & Co., Chambers Drug Co., and Hollister Drug Co.—Adv.

GOOD ROADS AND TOURIST TRAVEL ARE CONSIDERED

Promotion Committee Consider
Improvement of Highways
Vital to Island Interests

Good roads and tourist travel were the topics taken up at the meeting of the Hawaii Promotion Committee yesterday afternoon at the Chamber of Commerce rooms. In the report issued by Secretary Taylor the needs of the territory and Oahu were outlined, and this caused considerable discussion regarding the good roads question and the necessity for perfect roads in bringing tourists to Hawaii.

Since the announcement that the Great Northern will come here on the first trip on November 7, and since they have requested 75,000 booklets and publications the committee has decided that a campaign must be made out to meet the demands.

The report shows that both the Great Northern and Oceanic steamship companies are advertising Hawaii extensively, and with the Matson Company adding a new steamer of the type of the Matsonia it is believed that this year will be a banner one in the tourist travel to Hawaii.

The good roads question was taken up by the members of the committee, and they did not mince matters. According to many of the members the roads on Oahu give the tourist travel a black eye and tend to discourage many wealthy tourists from coming here. On the first trip of the Great Northern the special garage carried many automobiles, but as the reports reached the mainland that the roads were in poor condition the carrying of automobiles dropped off until the last trip, when only three machines were carried.

Mr. Taylor cited instances of money spent here by owners of motor cars. He stated that many of the owners hire their chauffeurs here and considerable money is left here in purchasing oil, gasoline and other accessories. It is planned to make a campaign for business in automobile touring as soon as the roads are placed in condition for travel.

Independence Day will be celebrated this year on November 16, the anniversary of the birthday of King Kalanikou. This combination will give an opportunity for plenty of publicity on the mainland. The committee urges business concerns to make mention of Pineapple Day in their communications to the mainland.

ALL IS READY AT HEINIE'S

A large crowd is expected to run out to Heinie's Tavern tonight for the mid-week dance. A number of parties from the other islands have expressed their intention of being present and the occasion promises to be a very enjoyable one—though the Thursday night hops at the Tavern are always enjoyable. Tomorrow night there will be another dance, also on Saturday, the latter function partaking of the nature of a race ball. Sunday a special race dinner will be served at the Tavern. Manager George Willey is sparing no pains to cater to the crowd which will throng his popular beach resort this week. He knows just what they want and will see that they get it.—Adv.

'ANGEL IN SUN' LECTURE SUBJECT

"The Angel in the Sun" will be the subject of the lecture tonight at the "Peace Palace" near the Opera House. Evangelist McCord has already covered many interesting and important lines of Bible prophecy and the subject for tonight promises to be equal to the best yet dealt with in this palace of peace. The prophecy to be considered deals with one of the greatest events in the history of the church and the world, and an intelligent understanding of this subject will solve many of the tangled problems that arise in the minds of thinking Christian people. The outworking of this stirring revelation was the most wonderful revival the world has ever seen, and this prophecy will repeat itself in these closing hours of earth's history, the evangelist says.

The service opens with a rousing song-service at 7:30.

Valentine Stillman Holt and Miss Sophie K. Mett were married in St. Andrew's cathedral at 8 o'clock last evening. Rev. Leopold Kroil performing the ceremony. After the marriage a reception was held at the home of Mrs. Ida K. Merseberg, Young street, and then the young couple left for the country for a brief honeymoon. Mr. Holt is assistant horticulturist at the local U. S. experiment station.

Murry C. Vandiver, well known politician of Maryland for the last 40 years, died of general debility at Silver Spring, Md., aged 71.

PAZO OINTMENT is guaranteed to cure blind, bleeding, itchy or protruding PILES in 6 to 14 days or money refunded. Manufactured by the PARIS MEDICINE CO., St. Louis, U. S. A.

TRANSACTIONS FEWER, STOCK PRICES STEADY

Considerable satisfaction was manifested in the stock exchange district today at the action of the Oahu Sugar Company in declaring an extra dividend of 50 cents in addition to its regular 20 cent dividend, payable on June 15. Though this action had been expected and therefore discounted by the recent rise of the stock, it was none the less a satisfactory development.

Mineral Products was offered this morning at \$1.25. Expressions from different brokers on the statements made by John Waits at the directors' meeting yesterday varied. In some quarters his statements relative to progress of railroad building and labor conditions were deemed to offset his sanguine reports of the mineral development. In other quarters the development of the property he reported was considered the all-important matter.

Before the session there was no great activity in any of the issues particularly noticeable. Of unlisted securities Honolulu Oil was quoted at \$2.97 1/2, Engels Copper \$2.90, and Mountain King at 99 cents bid. Mainland advices to Duisenberg & Co. quoted Tipperary 10 to 12 cents and in demand.

Trading fell off materially and the total for sales reported after the board session was only 1820 shares. Prices were practically unchanged.

HOLIDAYS TO BE OBSERVED BY FIRM

Henry May & Co., Ltd., Quality Grocers, will close next Saturday at noon, remaining closed until the following Tuesday morning, in observance of the Kamehameha Day celebration. Put your orders in now. Phone 1271.—Adv.

MANOA TANGLE BEGINNING TO STRAIGHTEN OUT

Neither of the two delinquent Manoa improvement assessments have been paid today, but it is expected by A. M. Cristy, deputy city attorney, that they will be paid within the next few days, and no steps have been taken to confiscate the property for taxes, as the law allows.

Anna G. Woolsey promises to pay the first installment of her \$1,500 tax tomorrow and has given Cristy proof of her attempts to raise the money.

Bertram von Damm is expected to pay under protest within the next few days. The Manoa Improvement Club has asked him to make the protest in order that a test of the frontage tax law may be made in the courts.

As soon as disposal is made of the two delinquents, Cristy intends to present a call for bids on bonds.

The United States produces a bushel and a half of apples per capita.

**A Preventive of Infection of
the Mucous Membrane**

Here and there conditions of the delicate mucous membrane are relieved, without pain, itching or odor, and without the danger attendant on the use of potent antiseptics, by using

Tyree's Antiseptic Powder

UNEQUALLED AS A DOUCHER.

It is a perfectly harmless germicide, which instantly relieves inflammation and infected tissue. TYREE'S ANTISEPTIC POWDER is quickly and easily prepared, a 35-cent box making two gallons of harmless, standard antiseptic solution. Write for free sample and booklet.

Three boxes, 25c, 50c, \$1. At all dealers.
